By the time the first race was run considerable change took place in the prices offered against the handleap candidates. Sir Walter receded to 5 to 1, King Lee to 30 to 1, Kinglet to 50 to 1, Comanche to 30 to 1, Boprt to 12 to 1. Don Alonzo to 30 to 1, Henry of Navarre to 5 to 1 and Pickpocket to 12 to 1. The only horses that seemed to be backed were Ramapo, who dropped to 7 to 5. Banquet, who remained steady at 10 to 1, and Stowaway, who was pounded from

All of the other horses were out on the track this morning. Their work was a slow gallop of a mile and a half, winding up with a quarter in about 24. Henry of Navarre was the exception. He breezed three furiongs. Every one of the cracks looked well and seemed fit to race for a life.

The club-house was a picture. Ferns, palms and flowers filled every nook and corner, and on the central dining-table a cleverly constructed model of Coney Island's steeplechase course was laid out in sugar.

One death and two new cases of small-pox were reported to the Board of Health to-day.

The death was George Wedst, of 153 Allen street, and the new cases are Annie Wedst, five years old, and George Wedst, fr., seven years, both children of the dead man.

Dr. Martinburg, of 64 Rivington street, was called to the five-story tenement at George Wedst, forty-seven years old.
